

Graduate Landscape Architect

Are you passionate about design and enjoy working in a creative environment with like-minded people?

Do you have an interest in and capability of communicating your designs in 3 dimensions and enjoy the art of graphic communication?

Define has an exciting position for an up and coming Landscape Architect to work with us in our busy Birmingham office. The role will help us to deliver our wide-ranging workload, with a focus on design and innovation. Applicants must have a natural love of design as well as a balance of technical know-how and conceptual creativity. Our portfolio is diverse and ranges from large scale landscape led residential masterplans to small urban courtyards and design detailing.

The current graduate position will be design focused and applies to the conceptual and detailed design of new public spaces. Candidates must have very strong graphical ability and be fluent in the Adobe suite, particularly Photoshop. Our team design in 3D regularly so experience of Sketchup / Lumion /Twinmotion/ along with a working knowledge of CAD/ Vectorworks is essential (we use Vectorworks and will offer specialist training in converting from AutoCAD and for developing 3D skills).

Applicants must have an MA in Landscape Architecture and 1-2 years industry work experience is preferential. We encourage graduates to enter the Pathway to Chartership and we will provide guidance and P2C mentoring for the successful applicant.

The role will provide a competitive salary with a wide range of additional (and flexible) benefits. Please send a covering letter, your CV, and samples of work via email to: joe@wearedefine.com. We're happy to have pre-application discussions with any candidates if you would like to know more about the role. We look forward to hearing from you :)
